

VOL. 6, NO. 71.

CONNELLSVILLE, PA., SATURDAY EVENING, FEB. 1, 1908.

PRICE, ONE CENT.

A STORM OF FEARFUL FURY RAGED THROUGHOUT THE NIGHT.

The Wind Blew 60 Mile an Hour Gale in Spells Driving Rain, Sleet and Snow With Force of Bullets.

ALL TRAFFIC GREATLY DELAYED

On the Street Railways and Railroads Up to Midnight and Early This Morning—Drifts Ten Feet High in the Mountains—Telephones Are Out of Order—Many People Kept Awake All Night.

The fiercest blizzard and snow storm since the famous one of the early winter swept over Connelville and Fayette county last night. The wind blew from the east at a full mile an hour. Precipitation was heavy and fell in the form of rain, sleet and snow. Drifts ten feet high in the mountains. Telephones were out of order. Many people kept awake all night.

The storm began before 6 o'clock when the wind blew a two weeks ago. A gale of wind from the east into clouds that went whirling up and down the streets. The wind was so strong that it was impossible to walk along the streets. Persons down town who lived on the South Side found vehicles to take them home. The wind was so strong that it was impossible to walk along the streets. Persons down town who lived on the South Side found vehicles to take them home.

The gale that blew down Main street carried down people out onto Pittsburgh street. Landing many of them sprawling or against telephones or light poles. Women's hats and muffs were blown from their heads and hands and sent flying at the corners of the streets in various directions. The storm was so strong that it was impossible to walk along the streets. Persons down town who lived on the South Side found vehicles to take them home.

The lightning service of the West Penna. Electric Company suffered considerably and many towns in Fayette and Westmoreland counties were in darkness. Connelville and New Haven were practically the only two towns that had light. The storm was so strong that it was impossible to walk along the streets. Persons down town who lived on the South Side found vehicles to take them home.

The trolley service was operated regularly until about 11 o'clock when heavy snow drifts caused a great deal of trouble. The storm was so strong that it was impossible to walk along the streets. Persons down town who lived on the South Side found vehicles to take them home.

Partly because of a school festival being completed to remain in the building throughout the night. The storm was so strong that it was impossible to walk along the streets. Persons down town who lived on the South Side found vehicles to take them home.

HOSPITAL REPORT.
Number of Patients Treated During the Month of January.

Refuses to Enjoin Pressmen.
CINCINNATI, O., Feb. 1.—(Special.)—Judge Thompson of the Federal Court today refused to enjoin the pressmen from selling or giving the information asked for by the Employers Association.

Another Cold Wave.
Snow and much colder tonight with a cold wave with the temperature falling about 10 degrees above zero. Sunday will be cold and the forecast of the noon weather bulletin.

Change in Funeral Arrangements.
Owing to a bridge being washed away between Connelville and West Connelville, the body of the late Michael Darr Sr. will be taken to West Newton for interment on the P. & L. E. train leaving New Haven at 2:35 this time tomorrow.

The south end of the county has been completely cut off all day. West Penna. Railway motor men and conductors say the storm was severest in the vicinity of Ligonstown and south of there. The snow is deeper and the damage greater.

The heavy rains following the snow fall caused the Young river to rise, but the increasing cold weather of the day will in all probability prevent a flood.

The storm was so strong that it was impossible to walk along the streets. Persons down town who lived on the South Side found vehicles to take them home.

GET MORE HOSE.

Fire Department Now Has 3,000 Feet in First Class Condition.

The fire department this morning received 500 feet of hose from the Revere Rubber Company. This brings the hose supply of the department up to 3,000 feet all of which is in first class condition.

This is the last hose that was ordered and completes the amount that Council will purchase for some time.

INSPECTORS BUSY.

Make a Number of Recommendations Regarding Operation of Lafayette Mine.

Inspectors of Mines, Thomas D. Williams, Daniel Blower and Thomas Lowther have made an extensive report on the Lafayette mine of the Atlas Coal & Coke Company at Willsburg and have advised the company that unless the recommendations are made by them, no coal will be taken from the mine until the recommendations are made.

The recommendations require 1.5 per cent of the property distributed throughout the mine, the abolition of open lights and proper arrangement for the case of coal dust. Failure to comply with these recommendations will result in immediate action on the part of the inspectors.

PAID DAY MONDAY.

Connelville Borough Teachers Will Receive Their Vouchers Then.

The teachers of Connelville borough will receive their vouchers for their monthly salary on Monday. The vouchers were sent to the teachers on Monday.

DAMAGE DONE IN MILL TOWN

Was of a Minor Nature, But Fury of the Blizzard Had Many People Scared During the Night—Streets Were in Fearful Condition This Morning.

SCOTSDALE, Pa., Feb. 1.—One of the fiercest blizzards in the history of the town struck Scottdale about 8 o'clock last night and lasted until almost this morning. The streets were in a fearful condition this morning.

Our Great Pre-Inventory and Unloading Sale

When Dollars Do Double Duty.

This will be welcome news to the people of Connellsville and vicinity. As every one well knows that Feldstein's sales mean vast savings to them. We boldly make this statement because during our business career in Connellsville of almost one year we have not advertised a single article on sale that has not been just as advertised and those who interested themselves enough to come for articles advertised found them just as represented. Thus we have gained the confidence of the people. Now we make the announcement of our Pre-Inventory Sale which will begin

Saturday, Feb. 1, Ending Monday, Feb. 10.

We will leave nothing undone to make this the greatest of all our sales. The entire stock of merchandise in our store will be included in this gigantic price cutting movement. Nothing will be reserved. But every article will receive its slash and that slash means a cut that will loosen the purse strings of every good economizing housewife in this vicinity. You cannot afford to miss this banquet of purchasing opportunity for the menu will contain all that's new and up to date, not old stale articles, but the cream of our high class merchandise as well as the less valuable articles will be served and prices carved so low that no one ever dared set such a feast of bargains before you before. But we are progressive and aggressive and will not carry merchandise over from one season to the other, but will offer them to you at cut prices when they are new and stylish, not three or four seasons after this when they are out of style and shop worn. Read every item as it means good news to you. Remember day and date of sale and be on hand on the opening day. Doors open at 9 A. M. SATURDAY, FEBRUARY 1 AND LASTS FOR EIGHT DAYS ONLY.

Democrats and Republicans in Congress Indorse Stand of the President.

READING CREATES SENSATION

Arraignment of Rich Malefactors Rejected as Emphatic But Justifiable. Senator Jeff Davis Secures Order to Have 10,000 Copies Printed.

Washington Feb. 1.—The special message of the president to congress on the subject of the employers' liability act and injunctions in labor cases was presented in the senate a few minutes after 12 o'clock. When Mr. Latta, assistant secretary to the president, entered the chamber there was but a handful of senators present. The vice president at once tore open the big envelope containing the message and handed it to the assistant secretary of the senate, who immediately began its reading.

Upon the conclusion of the reading of the message Senator Davis of Arkansas was promptly upon his feet and moved that 10,000 copies of the message be printed as a public document.

"It is the best Democratic doctrine that I have ever heard emanating from a Republican source," said Mr. Davis. The motion was agreed to, and with further comment the message was referred to the committee on internal commerce.

As the reading of the message progressed in the house numerous members were heard audibly to exclaim "most unusual," "this is red hot," etc. The president's vigorous denunciation of wrongdoers was greeted with loud applause as was his defense of federal judges who punish offenders for violations of the law.

The frequency of the applause increased as the reading proceeded. The limit of conversation over the message subsided and the members followed every word. But the climax came when the reading was concluded. Without regard to party the members loudly applauded, cheered, thumped their desks and gave other evidences of their approval of the document. After a momentary silence, the applause broke out again, several members including many Democrats rising from their seats and clapping with hands.

The message then on motion of Mr. Payne (New York) was referred to the committee on the state of the union.

Mr. Ollie James (Ky.) produced laughter and Democratic applause when he raucously inspired of Mr. Payne: "From many efficient men and copies do you desire for circulation?"

Mr. Payne replied laughingly: "Oh, he usual number." Mr. Loe Angelen (Cal.) Feb. 1—Auditor W. J. Healy of the Atchafalaya-Tomoka and Santa Fe railroad is quoted as saying that the letter from Assistant General Traffic Manager Edwin F. Chambers to former Auditor G. A. Davidson which President Roosevelt incorporated in his message to congress was stolen from the railroad offices. "That letter was stolen from our office," Davidson said. "I have heard of such a letter and I do not know who stole it or how it got into the possession of Frank H. Hines."

DUN'S REVIEW OF TRADE

New York Feb. 1.—Dun's Weekly Review of Trade says today:

"Seasonable weather and a further increase in the percentage of active machinery combined to improve the trade situation although there is still a large number of unemployed and dealers proceed cautiously in preparing for future business. Prices of commodities have declined on the whole, yet products of the leading industries are fairly well maintained. The collection of taxes is regular. The case in the money market is more from and steel plants have resumed and the outlook is brighter even and way equipment attracting more attention. The situation is better because of the extent to which consumers seek prompt delivery, indicating that the recent season of conservatism has nearly exhausted stocks and suggesting that when confidence is fully restored a vast tonnage of deferred business will be placed.

"Textile markets are still somewhat unsettled cotton goods having to contend with erratic variations in the raw material in addition to other disturbing influences. In some directions there is more activity but in other cases there are frequent inquiries without actual transactions. Consumption of much business seems to be postponed by the question of price. Manufacturers have more confidence in values, and are sustained by the prospect for a quick shipment. Jobbers' statements on the road have accomplished little whereas spring business should be about concluded at this time."

Dubois Pa. Feb. 1.—Four boys were seriously injured near here as the result of a car accident. The first of the accidents occurred near Reynoldsville when a bobbed bearing David Taylor and William Pierce dashed into a telegraph pole. Taylor had his left leg broken in two places and Pierce cut. The second accident occurred at Brookwayville. Willie Durbin age twelve had both legs broken and Malcolm Buffington age fourteen, was badly bruised.

GO TO DEATH TOGETHER

Girl and Boy Students at Geneva College Drown While Skating

Beaver Falls Pa. Feb. 1.—Suddenly engulfed in twelve feet of water when ice on which they were skating broke beneath them Miss Vellie Wyllie daughter of the Rev. and Mrs. R. C. Wyllie of Wilkesburg and Robert Patterson of New Alexandria Pa. both students at Geneva college were drowned in the Beaver river. Arthur George and Livingston Matheny, also students narrowly missed death by a heroic effort to rescue the two others. Nearly fifty students of the college formed the skating party. All started together up the river. After going a short distance Patterson and Miss Wyllie who were together separated from the others and went in advance. The merry chatter of the skaters was suddenly interrupted by the sound of breaking ice. The students near the shore saw Miss Wyllie and her companion disappear. An instant later the two came to the surface silent and battling for life.

Patterson, who was an excellent swimmer, was clinging to the girl and doing his utmost to keep her head above water. Impeded by his skates the task was an impossible one. The girl a dead weight sank. Patterson went to death with her.

Just as they vanished Arthur George shot from the top of the crowd of spectators and started directly toward the death hole. When he was several feet from the broken edges of ice there was another crash and he went down to reappear grasping the ice to keep himself afloat. Livingston Matheny sped toward the trap that had already caught three of his companions. His fate was the same as George's. Willie Matheny and George struggled to save themselves, other young men hurriedly did several overcoats to help. The students then formed a chain by grasping hands and one end of the line pulled to the shore. The two who were in the water were drawn to safety. The bodies of Miss Wyllie and Patterson were recovered.

NO CUT IN PRICES

Steel Manufacturers Refuse Concessions on Their Product

New York Feb. 1.—That no reduction exists for a reduction in the prices of iron and steel and that now will be made was the general and standard attitude of the representative steel manufacturers of the iron and steel at a meeting held in this city. There was no movement for the maintenance of prices made or suggested but the belief was expressed by all those present that a maintenance of prices would result in benefit to the manufacturers of the country and to the industry in general.

This understanding is the substance of what took place at the conference of several steel manufacturers and chambers of steel as given out by John G. Gary, chairman of the United States Steel corporation. "This is not a question which occupies the greater part of the day every meeting of the industry exists for a reduction of prices at the present time and that the view should be stated that the steel industry which was expected for the evening from the in its line of the general industry committee. Representatives of the steel industry were present at the dinner served at the Waldorf Astoria about seven o'clock. The dinner was a very pleasant affair. The steel industry was the principal feature of the evening and after the dinner and including several leading business of the steel industry.

Direct action were made by practically every member including Mr. J. P. Morgan and without exception the opinion was voiced that a price reduction is fully justified and should not be changed.

GIVEN A GOOD START.

San's son Received \$3,000, 000 of State Money Before Bills Were Approved.

BILLS ARE PLACED IN EVIDENCE

Over Protests of the Defense Commonwealth Obtains Substantial Victory in One Phase of the Conspiracy Trial Against Cay (ot Trimmer

Harrisburg, Pa. Feb. 1.—More than \$3,000,000 was paid to Contractor John H. Sand on for furnishing for the new state Capitol before his bills began to be approved by the board of public works of buildings as required by law. This was in spite of the fact that Sand's former State Treasurer Arthur Matheny and General Smith and James H. Shumaker, former superintendent of grounds and buildings in the Dauphin county court.

These bills were put in evidence by the commonwealth in spite of vigorous objections by the defense for the purpose of showing the extent to which the commonwealth was paid for the construction of the Capitol. The admission of these bills opens the way for an effort for the introduction of other papers and documents which are in the case now on trial.

The commonwealth brought down from the capital and stored in the courthouse a wagon load of furniture which it will offer in evidence when the trial resumed Monday. The furniture includes the bookshelves and the desk of the late Governor, for which Sand was paid \$12,000. The state and paid the subcontractor \$127,000 for the furniture which Sand's profits were \$100 and 400 per cent.

It was testified that the Sanderson bills were received at the department of grounds and buildings in one lot in some time in March 1929 and that they had been with the following day by Sawyer who turned of the lot to the superintendent with a check of \$127,000. It was also testified that the Sanderson bills had been kept in the private safe in Sawyer's office while invoices under the general schedule of 1924 were kept in the general filing case of the department. The commonwealth showed that the warrants for the arrest of Sand and his associates were turned over to the war department to send but that all other warrants were turned over to the clerk to the prison to whom they were sent.

The defense brought out on cross examination that Sand received a written receipt from the state for the furniture which was not in the warrant which had been turned over to the state in Sand's office. It was testified that the commonwealth's experts in the case next Tuesday. The defense will not set it down as a day but it will require to prove its case. It is a point to be decided in the next few days. There will be a lot of cross-examination. Some of the documents and their contents will be given over Saturday.

Before adjournment Judge Kunkel again warned the jury not to discuss the case with anyone or allow it to be discussed in their presence or to do it in the news papers.
